Closing date for research applications

Australia has a remarkable history in medical breakthroughs and the Stillbirth Foundation Australia believes that our researchers are in a prime position to uncover the mysteries of stillbirth. It is wonderful to therefore once again offer research funds to Australian researchers, and for this purpose the Stillbirth Foundation Australia's closing date for 2011 funded research applications is Friday 27th August. For those interested, please complete the [Research Grant Application Form](#).

A little ray of sunshine

It is with joy and relief that we welcome to the world, Sophie Claire Hickin, born 23rd August, third child and first daughter of Lee and Melinda Hickin, and little sister to Josh. Melinda has worked as Office Manager for the Stillbirth Foundation Australia since November 2008 and has done an incredible job in setting up our office. Lee and Melinda's first son, William, was stillborn at term and both have been passionate and dedicated supporters of this flourishing charity. Melinda will be very much missed as she enjoys twelve months maternity leave with her new daughter!
